DEMO

QUESTIONS?

The background is a vibrant, stylized space-themed illustration. It features a warm color palette of oranges, reds, and pinks, with large, flowing, abstract shapes that resemble nebulae or planetary surfaces. Scattered throughout are numerous small white stars, some larger glowing planets, and several streaks of light representing meteors or comets. A prominent white rocket ship is shown in the center-right, leaving a long, curved white trail that sweeps across the lower right portion of the image. Above the rocket, a large, detailed planet with craters is visible. The overall composition is dynamic and celebratory.
